

# Mr. Patrick Reid

---

- Patrick began his career in nuclear in 1987, working on recommissioning special safety systems at PNGS 1 and 2 after their retube outages. He received his B.Sc (Hons) in Physics from the University of Waterloo in 1991.
- Patrick continued with Ontario Hydro on graduation, then moved to NB as a consultant, eventually becoming a partner in Candesco Research Corporation while working for most Canadian nuclear organizations (e.g., NB Power, OPG, BP, HQ and AECL) in the areas of fuel design, safety analysis and licensing.
- Patrick joined AECL (now AtkinsRéalis Nuclear Canada) in 2006. Since then, he has held various management roles, including on the ACR-1000 project, in the functional groups for Reactor Physics, DSA and Reactor Core Design Safety & Licensing, and was Engineering Director for CANMOX EC6. He is currently the Technical Director for Safety & Licensing on CANDU MONARK.
