

# 5<sup>th</sup> International Canadian Nuclear Society (CNS) Technical Meeting on Fire Safety and Emergency Preparedness for the Nuclear Industry

## STUDENT POSTER GUIDELINES

To present a student poster at the FSEP conference, please submit an abstract by April 30, 2025.

### Minimum Requirements:

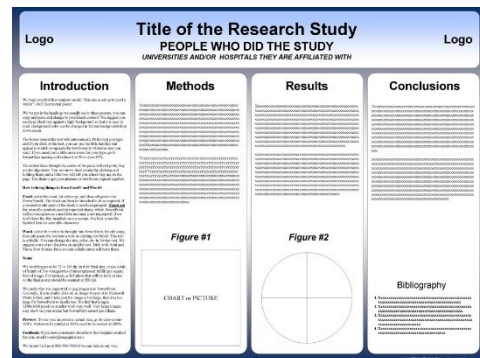

- Include the title of your accepted proposal.
- Include author names, faculty sponsor's name, and name of academic institution.
- Include a logo of your college or university.
- Any acknowledgments (i.e., help received, mentors, or sources of funding).
- A description of research, methods, results, and major conclusions. You may also wish to cover remaining gaps in the industry/future directions for the research.
- A short bibliography or list of references.
- Poster no larger than 4' high by 6' wide (recommended dimensions are 3 ½' high x 6' wide).
- Poster should be readable from distances of at least 3' (90 cm). Use large, simple fonts.
- Permanent adhesives are prohibited.

### Poster Recommendations

- Articulate key takeaways in an understandable manner. The poster is a visual aid while you talk, but should stand alone and be understandable to readers when you are not there.
- Use headings, numbers, white space, or color frames to organize the information.
- Summarize information as graphics where possible; use charts, tables, graphs, pictures, etc.
- Convey your information with colorful images and figures that are simple and clear.
- Minimize text where possible, but also balance text and images.
- Provide flow with content - eyes tends to move from top to bottom and from left to right
- If you do not want poster photographed, include 3"x 3" 'no pictures' image in top right corner

Presenters are responsible for the development, shipment, and display of all poster-related materials. FSEP cannot hold nor is responsible for any poster materials on-site.
