

Keith Stratton, P. Eng

President, Stratton Consulting Inc.

I am a professional Engineer and have worked in the CANDU industry since 1971, first with Canadian General Electric, later with New Brunswick Power Nuclear and now as a consultant. My experience is quite broad – nuclear fuel design and testing, commissioning, operations (Fuel Handling), maintenance, engineering, projects, alternate station manager and strategic planning. I have held leadership positions throughout – the last being Deputy Chief Nuclear Officer. Service positions included COG Board of Directors, the CSA Nuclear Strategic Steering Committee and the Canadian Nuclear Utility Executive Forum.

My consultant services to the nuclear industry include organizational development, risk management and technical support.

I have been an active member of the CNS Council since 2016 and served as Co-Chair of the CNS Program Committee and 2nd & 1st Vice President on the CNS Executive. Other service includes member of the Financial and Honors and Awards Committees, member of the 2017 Annual Conference Plenary Committee, Chair of the Plenary Committee for 2017 CMNCC, member of the 2018 Annual Conference Technical Committee and current Conference Chair for the 2019 Annual Conference. My overall interests relate to strategic planning and process modernization to ensure sustainability of the CNS.

A handwritten signature in blue ink that reads "K Stratton". The signature is written in a cursive, flowing style.
