

# 10<sup>TH</sup> International Conference on CANDU<sup>®</sup> Maintenance

Metro Toronto Convention Centre, Toronto, Ontario, Canada • May 25-27, 2014

Hosted by the Nuclear  
Operations & Maintenance  
Division (NOM) of the  
Canadian Nuclear Society

**P<sup>4</sup>ERFORMANCE = POLICY & VISION**  
**x PEOPLE & SKILLS**  
**x PROCESSES & TOOLS**  
**x PLANT EQUIPMENT & RELIABILITY**

Provides the themes for four plenary and technical streams over the 2 days, related to maintenance of CANDU<sup>®</sup> units.

Mark your calendars and watch for further details on this important industry event. Get engaged: plan to participate as a speaker, a session chair or part of the organizing team.

Note that in 2014, the CNS will not host a separate Annual Conference. Instead, events associated with that Conference have been re-distributed between CMC 2014 and PBNC 2014.
