The CNS annual Conference gathers together scientists, engineers, technologists, senior management, government officials, and students. It is open to all those interested in nuclear science, nuclear engineering and technology, from across Canada and from other countries. The central objective of this conference is to exchange views on how nuclear science and technology can best serve the needs of humanity, now and in the future. Plenary sessions will address Canadian and Global Energy and Environmental Developments, Communicating the Nuclear Message, Isotopes and Nuclear Medicine, Alternative Energy Technologies, and New Nuclear Technologies. Papers will be solicited on technical developments in all subjects related to nuclear science and technology and their great potential for service to the world community. There will also be an embedded Student Conference featuring topical poster displays.

## Conference venue:

The conference is being held in Niagara Falls, the heartland of Sir Adam Beck's power for the people of Ontario. Nuclear continues to build on Sir Adam Beck's vision, and it is fitting that the CNS will be going to Niagara when a decision is pending on building new Nuclear in Ontario for the first time in three decades.

The conference will be held at: [Sheraton on the Falls Hotel, Niagara Falls, ON](#)  
Reserve your room via the dedicated link on the Conference webpage.

Conference Night Out and Banquet, Tuesday 2011 June 7:  
[Elements on the Falls Restaurant, Niagara Falls, ON](#)

For more information on attending this conference, or on opportunities for your company to sponsor an event or to exhibit, please consult the [Conference webpage](#). On-line registration will be available soon via a dedicated link on the Conference webpage.
